TECHNICAL SKILLS

Languages

C · C++ · Java · Python · JavaScript · SQL

Computer Science

OOP · DSA · Algorithms · Complexity · Problem Solving

Web & Backend

HTML · CSS · Flask · PostgreSQL · REST APIs

Tools

Git · GitHub · Linux · Fedora · Windows · CMake · VS Code

AI & Services

Ollama · Render · Neon · Cloudinary

Hardware

Arduino · ADS1115 · HC-05 · Relays · Electronics

LANGUAGES

Bengali	Native
English	Professional
Hindi	Conversational

INTERESTS

Algorithms · Embedded Systems · Local AI · Open Source · Electronics

01 PROFILE

A **Computer Science & Engineering student** at Daffodil International University who learns by building — from algorithmic C++ engines and full-stack web applications to Arduino-based hardware projects. Comfortable moving across **software and electronics**, and documenting honest project status (deployed, in-progress, or planned). Currently focused on strengthening programming fundamentals, OOP, data structures and algorithms while shipping practical projects.

02 EDUCATION

B.Sc. in Computer Science & Engineering
2025 — PRESENT

Daffodil International University

Dhaka, Bangladesh · Student ID 252-15-447 · Currently Semester 5.

- Core coursework: Programming, Object-Oriented Programming, Data Structures, Algorithms.
- Individual project work — full-stack web applications and algorithm implementations.
- Applied practice in C, C++, Java, Python, and Linux-based development environments.

Higher Secondary Certificate (HSC) — Science
2021 — 2023

Notre Dame College

Dhaka Board · GPA 5.00

- Member of Notre Dame Science Club.
- Participated in the Annual Science Fair with a science project.

Secondary School Certificate (SSC) — Science
2016 — 2021

Shamsul Haque Khan School and College

Dhaka Board · GPA 5.00

03 ACADEMIC RESULTS

B.Sc. in CSE
Daffodil International University · Semester 5 — **RUN**

HSC — Science
Dhaka Board · 2023 · Notre Dame College — **5.00**

SSC — Science
Dhaka Board · 2021 · Shamsul Haque Khan School and College — **5.00**

04 COMPETITIVE PROGRAMMING

Beecrowd
Problems solved · Active practice — **30+**

Status
Continuing to build problem-solving depth across data structures and algorithms — **ACTIVE**

Projects & Activities

Md. Rokon Yeamony
Shafin · Portfolio

6 projects · 2 deployed
Software · Algorithms · Hardware

05 SELECTED PROJECTS

Analysis Studio — DEPLOYED

Full-stack image-evaluation platform. Manages evaluator accounts, 1–10 ratings, per-person averages, admin workflows and export reports. Built as a DIU CSE individual project.

Flask · Python · PostgreSQL · Cloudinary · Render

1–10	Admin	Cloud
RATING SCALE	CONTROLS	MEDIA

↗ LIVE DEMO

Huffman Hide & Compress — DEPLOYED

C++20 Huffman compression platform with animated tree construction, analytics, secure HMSG packages (AES-GCM/PBKDF2), RGB-LSB steganography, Batch Lab and Secure Vault.

C++20 · JavaScript · Web Crypto · CMake

250	85%	C++20
TESTS PASS	COMPRESSION	ENGINE

↗ LIVE DEMO ↗ SOURCE

ADS1115 Digital Ammeter — COMPLETED

Arduino Nano hardware project built around an ADS1115 ADC, 16×2 I2C LCD and a 0.1Ω shunt resistor for accurate digital current measurement.

Arduino · ADS1115 · I2C LCD · Electronics

16×2	0.1Ω	Nano
DISPLAY	SHUNT	BOARD

Arduino & Electronics Experiments — IN PROGRESS

Ongoing hardware learning track: HC-05/HC-06 Bluetooth communication, relay control modules, sensor circuits and measurement experiments on Arduino Uno/Nano.

Arduino · HC-05 · HC-06 · Relays · Sensors

DIY	BT	Active
HARDWARE	MODULES	TRACK

Personal Productivity App — PLANNED

Planned personal app for todos, reminders, university routine, academic & skill tasks, monthly mini-projects and progress history.

Python · HTML · CSS · Database

Planned	Tasks	Growth
STATUS	FOCUS	TRACKING

Personal AI Assistant — PLANNED

Planned cross-platform Windows/Fedora assistant exploring local Ollama models, text/voice commands, modern UI and OS-level actions.

Python · Ollama · Windows · Fedora

Local	Voice	Cross
AI	INPUT	PLATFORM

CO-CURRICULAR & ACTIVITIES

- Volunteer, Notre Dame Annual Science Fest 2021 — VOLUNTEER AWARD
- Organizer, Notre Dame Annual Science Fest 2022 — ORGANIZING AWARD
- Associate General Secretary, Notre Dame Annual Science Fest 2023 — HONOURABLE MENTION
- Lifetime Member, Notre Dame Science Club — LIFETIME MEMBERSHIP
- Member, Notre Dame Science Club — Annual Science Fair participant.

CERTIFICATIONS

- Certifications listed above under Notre Dame Science Club activities.
- Formal course certifications to be added.

STRENGTHS

- Comfortable moving between software and hardware problems.
- Documents project status honestly — deployed, in-progress, or planned.
- Comfortable across C, C++, Java, Python and modern web tooling.
- Self-directed learner — builds projects beyond coursework.
- Consistent academic record — GPA 5.00 at both HSC and SSC.
- Event leadership — organized and led a major science festival.

CURRENTLY LEARNING

- Advanced Java and Object-Oriented design patterns.
- Data Structures & Algorithms for coding rounds.
- Competitive programming — actively solving on Beecrowd (30+ solved).
- Linux systems and local AI integration (Ollama).
